

The Pacific Jubilee Program is an ecumenical, interfaith, embodied, justice-oriented program in spiritual formation and spiritual direction, rooted in the Christian contemplative tradition.

We are committed to offering programs through which participants may deepen their experience of spirited living. We see the work of Jubilee as being a part of the spiritual renewal of the world.

In service of this Great Work, Pacific Jubilee offers programs, workshops, and retreats in five streams: SoulWork, SoulGuiding, SoulCare, SoulDeepening, and SoulMentoring.

The Pacific Jubilee Program is:  
*contemplative*  
*evocative*  
*spacious*  
*embodied*  
*integrative*  
*experiential*  
*and transformative*

We are hosting an information day on **March 30, 2019** in Vancouver, BC. This will be an introduction to our programs, an opportunity to meet program leaders and alum, and a chance to meet others who are seeking spiritual formation and deepening.
